Software Engineer

I began programming in middle school and ever since then I have been interested in this field. I've started developing applications and writing articles in my weblog. I read software and hardware articles and follow Programming languages and technologies documentation to improve my programming and algorithm design skills. I always strive to become a better software engineer and I will never stop.

Education

Master, Computer Engineering 2019 – (2021)
Iran University of Science & Technology
Tehran, Iran

I've been accepted into Iran University of Science & Technology with Exceptional Talents Program and I will start my Master's education this summer.

Bachelor, Computer Engineering 2015 – 2019
Guilan University
Guilan, Iran
Marks 95.9%

At University of Guilan, I began to share my knowledge about programming and web design with other students. After that, I became a member of the academic forum and participated in an ACM programming contest with the result of honorable mention. I had in-class presentations about Agile software methodologies, DevOps, Refactoring and Bad smells in code, Processes and Threads, SQL Server and Entity Framework related presentations, Economic and social topics like Human Development Index, Informal Sector, etc.

Mathematics and Physics 2013 - 2015
Eshragh High school
Guilan, Iran
Marks 81%

In years of high school, I've studied Discrete mathematics, Differential mathematics, Chemistry, Static and Dynamic Physics, Geometry, Statistics, Probability and Persian literature.

Professional Qualifications and Affiliations

- ACM Honorable mention

Programming Skills

Deeply Involved

- C# and .NET
- WPF / UWP
- F#
- Xaml

Have Experience With

- Entity Framework
- SQL Server / SQLCE / SQLite
- HTML
- CSS
- Java
- Raspberry Pi / IoT / Arduino
- Microsoft Office Development
- Browser Extension Development
- Xamarin Technologies
- Assembly
- ASP.NET MVC
- PowerShell

Done Some Tasks With

- C++
- VHDL

Career Skills

Deeply Involved

- Visual Studio / VS Blend

Have Experience With

- UI / UX Design
- Linux / Unix-like OS
- Microsoft Office
- Unit Testing
- Algorithm Design
- Git / GitHub / Azure DevOps
- Windows Dev / Shell Extensions

Done Some Tasks With

- Agile Methodologies

General Skills

- AutoHotkey Scripting (Experienced)

Work Experience

Current
Freelancer
Rasht, Iran

As I am a student in a university far from city center, I can't work in a company, but I work as a freelancer and do projects time to time. I currently work as:

- Desktop Software Developer (WPF)
- ASP.NET Web Developer

HOMATEC

Technology Company

Tehran, Iran

I develop WPF Desktop Industrial applications for HOMATEC company, such as CityCloud cloud file storage app, Bafgh Automation app, etc.

Projects

Hasti-Lang and Hasti-Studio (2019)

Bafgh Automation (2016)

F# Pad (2019)

Eyes Guard (2017)

City Cloud (2016)
